

## Interclerkship Intensive 2 - Make Up Assignment Nutrition, Addiction and Behavior Change

Subject: Public Policy Lecture
Faculty: Brian Elbel, M.D.

Due Date: October 4<sup>th</sup>, 2013 (Friday)

## Objectives:

- Students will describe the social, political and environmental issues contributing to obesity nationally.
- Students will appreciate how public health, research and policy decisions may impact the obesity epidemic.

## Readings:

Review the slides, read the following WSJ Debate:
